Feel different...
be Falcon!

Range Cooking Since 1830

Europe's favorite range cooker

If you want to create the perfect kitchen... a range cooker from Falcon is the ideal choice.

As manufacturers of the best selling range cookers in Europe we are totally committed to producing stylish products that will stand the test of time and 'standing the test of time' is something we know all about. We created the very first range cooker in 1830 - and we've been leading the way ever since.

By offering a variety of styles, fuel options and sizes with unbeatable cooking performance there's a Falcon product to suit every lifestyle. That is why more people choose Falcon than any other range cooker.

Why choose a Range Cooker

A Falcon designed range cooker will provide a stunning centrepiece for your new kitchen whatever type of kitchen you dream of. But owning a range cooker will bring many other benefits...

Your new range cooker will quickly become a trusted companion, making your day-to-day life easier and allowing you to be more creative in the kitchen. Imagine how easily you could cater for family gatherings and entertain friends with all the cooking space that a range cooker offers.

A Falcon range cooker is also packed with features that will quickly bring a new dimension to your cooking. You will soon find yourself using items such as the grill, griddle plate, handy rack and the 2 ovens to create fantastic dishes for you and your family.

Join a very exclusive family

Falcon is part of the AGA Rangemaster group of companies that includes famous brands like AGA and La Cornue. Unlike many other cooker manufacturers we do not produce products for anyone else so to be able to benefit from the legendary performance and build quality a Falcon product offers, only a Falcon cooker will do!

Colours... which one will you choose?

Across our range we offer a choice of more than 10 colours, many of which are available with different trim options too. Depending on model you can choose a finish that will complement your kitchen perfectly, by choosing a contrasting colour you can easily create a stunning centre piece.

An AGA Company

Our commitment to quality and the environment

Our commitment to quality and the environment has earned us double ISO accreditation. BS EN ISO 9001 guarantees all Rangemaster products are designed and manufactured to an internationally recognised quality management system, while BS EN ISO 14001 acknowledges our adoption of approved environmental management systems. Even this brochure has been printed on FSC approved paper to minimise the impact on our environment.

Classic 110 & 90
